

Do gender stereotypes exist in the U.S.?

- If you think they do not, how/ by what means do you think gender stereotypes became eradicated? When did this happen?
- If you think that gender stereotypes still exist in the U.S., did the stereotypes remain the same as they were in the 1950s - 1960s? If not, what stereotypical qualities have been eradicated? Which ones are still there? Where in the U.S. do you think gender stereotypes are widespread?
